EXPERIENCE

Ux/UI Designer

2022 Jan- Nov San Francisco, CA Breadcrumbs

As head of product design for a small start-up, it was my job to design the identity of the company and application. I conducted user testing on color schemes, wireframes to high fidelity, and working prototypes.

2017 - 2020 San Francisco, CA

The thesis project ran customer research and usability testing to design tools that benefited the everyday needs of resellers. Designed a mobile application best suited to their need to help buy and track the sales of products

Arianjohnson.com/thesis

After User testing, the SF311 application created Sfclean, a new design based on user experience. The new app makes reporting issues to the city painless and easy to track.

20 years of digital media

2003 - 2012 Santa Barbara City College, CA

2013 - 2018 Irvine Id tech Camps, CA

Started working as a digital media instructor right out of college. I taught college courses like Flash, Digital imaging, and Web design to the local high school. I have taught digital media at the college, high school, and middle school levels for two decades, including teaching summer camps with iD (Internal Drive) tech camps.

Leadership

2001 - 2020 San Francisco, Santa Barbara & San Diego

Bloomingdales, Brooks institute, Id tech camps, CA

Working with Bloomingdales, ID Tech camps, and Brooks Institute of photography all started at entry-level positions. I worked my way up to Supervisor, Assistant Director, and Assistant Manager.
